29th March 2004

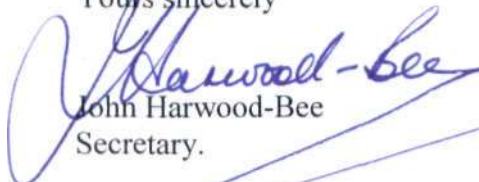

**Dear** Mr Hancock.

**Cottered Village Hall**

Following your recent commission to apply **sound proofing** materials to the hall, I have been requested to inform you that the system is working well. We have had several positive comments with regard to the acoustics in the hall since the work was completed and the difference in resonance is noticeable.

**The** hall committee wish to express **their appreciation for a job well done.**

Yours sincerely

  
John Harwood-Bee  
Secretary.
